## New Brine Line Flow Control Filter Plug

Effective immediately the brine line flow control plug used on filter valves will no longer be made out of brass. The new plug will be made out of Acetal. This will effect the 4650, 5600, 5600SE, 6600, 6700 and ProfloSE. The part numbers for the new plug will remain the same as the brass plug.

### Part Numbers

13918      B.L.F.C. New Acetal Module Plug

13918-01    B.L.F.C. New Acetal Module Plug Assembly with O-Ring

Acetal

Brass

We appreciate and value your input as we strive to make the highest quality water treatment components in the industry and deliver "Performance People Trust".

As always, thank you for using Fleck controls.

Sincerely,

Pentair Water Treatment, Inc
