October 2005

Identification of Genuine Fleck Controls Brookfield Valves

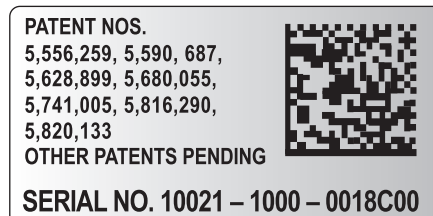

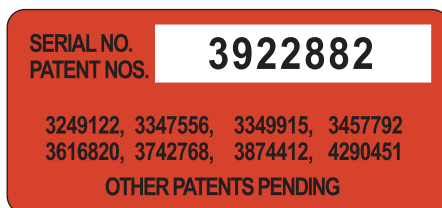

Fleck Controls Brookfield needs to ensure that our customers receive only our genuine, quality valves, and not an imitation. In order to verify your valve is genuine, please refer to the serial number on the product.

Beginning in October of 2005, the below serial number label will appear on all control valves. This is only an example, numbers and information will change depending on the valve.

New Serial Number Label (not to scale):

Older Versions of Serial Number Labels (not to scale):

As always, thank you for using Fleck Controls.

Sincerely,
Pentair Water, Inc.
