## Eco Brass® Components

Effective as a running change as inventories deplete, there will be a new, lead-free brass alloy in our components, called Eco Brass®.

### Features & Benefits:

- Eco Brass® is machinable, forgable, & castable
- Eco Brass® has the highest strength of all copper alloys
- Comparable resistance to dezincification & stress corrosion cracking
- NSF Standard 44 certified

### Eco Brass® Chemical Composition by % Weight

Copper	Silicon	Lead	Tin	Iron	Zinc
75.5	3.0	0.1 Max	N/A	N/A	Rem

Eco Brass® is a registered trademark of Sambo Copper Alloy Co., Ltd.

Thank you, we appreciate your continued business.
