New Snap-Fit Quad Seal Retainer Design on 13243 End Plugs

Effective on May 19th of 2008, the end plugs listed below will feature a new snap-fit quad seal retainer design. This change will affect the 5600, 5600SE, 6700XTR, 9000, and 9100 valves, along with the end plug and piston assemblies.

The current Celcon Hostaform material will change to a PPE/PS material. The PPE/PS material is NSF 61 listed, and the colorants are FDA approved as shown in the chart below. Pentair has updated their affected listings with the WQA.

Part No.	Description	Rating
